SUMMARY

I am a committed Computer Science Engineering student and an LPF Scholar with a strong interest in problem-solving and software development. I have hands-on experience in designing and developing applications and am eager to apply my academic knowledge and technical skills in a professional environment. I am motivated to learn, adaptable, and keen to contribute to innovative projects and practical solutions.

SKILLS

- Programming: Core Java, HTML, CSS, JavaScript
- Databases: SQL, DBMS, PostgreSQL
- Concepts: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), Software Development Life Cycle (SDLC)
- Tools & Technologies: Git, Version Control, VS Code
- Soft Skills: Problem Solving, Communication, Team Collaboration, Time Management, Adaptability

EDUCATION

Bachelor of Engineering (B.E) – Computer Science and Engineering

2022 – 2026

Prof. Ram Meghe College of Engineering and Management, Badnera, Amravati

- CGPA: 8.0

Higher Secondary (12th – HSC)

2022

Lal Bahadur Shastri Junior College, Bhandara, Maharashtra

- 73.50%

Secondary (10th – SSC)

2020

Lal Bahadur Shastri High School, Bhandara, Maharashtra

- 91.80%

PROJECTS

VedAahar – AI-Based Ayurvedic Meal Planner

Present

Tech Stack: HTML, CSS, JavaScript, Java (Basic), PostgreSQL, Git, VS Code

- Developed a web-based application for personalized meal planning
- Implemented rule-based logic for filtering recommendations
- Designed structured datasets for accurate data handling
- Maintained complete project documentation
- Followed modular design and step-wise execution

Simon Says Game

09/2024 – 10/2024

Technologies Used: HTML, CSS, JavaScript

- Designed and developed an interactive memory-based web game.
- Implemented dynamic game logic to generate and validate color sequences.
- Increased difficulty progressively with each level.
- Applied event handling and DOM manipulation for real-time interaction.
- Tested and debugged the application to ensure smooth performance.

EXPERIENCE

Cognifyz Technologies

01/2026 – Present

Remote

Java Development Intern

- Developing and testing Java-based applications.
- Writing clean and efficient code.
- Assisting in software design and debugging.
- Collaborating with team members on project tasks.

CERTIFICATIONS

Programming in Java

NPTEL

Introduction to HTML and CSS
